

Cold sore relief | **Cymex Ultra** | Cymex Cream

Cymex Ultra

Cymex Ultra, contains aciclovir 5% cream, a NEW five day cold sore treatment, which can banish your cold sore, leaving your lips looking great again.

How it works

Cymex Ultra effectively treats the itchy tingling sensation and blisters brought on by cold sores. It contains aciclovir 5% cream which is an antiviral agent. If used at the tingling stage of a cold sore, it can help slow down the growth of the virus and speed up healing.

How to use Cymex Ultra

Apply a thin layer of cream to the affected area five times a day at approximately four hourly intervals, to help get your lips back into tip-top shape.

Contains aciclovir 5%.
